

For Immediate Release

March 31, 2019

## **1D1 Property Owners Received A Request For Current Agricultural Applications To Be Filed With The Appraisal District**

Some property owners received a letter from the Val Verde Appraisal District requesting a current application for 1-d-1 (Open Space) Agricultural Use Appraisal. The appraisal district is in the process of updating its records and needs to obtain the most current information on these properties.

During the most recent Methods and Assistance Program Review of the appraisal district records performed by the Texas State Comptroller of Public Accounts Property Tax Assistance Division, it was discovered that some properties receiving the Agricultural Appraisal have outdated information or an application is not on file in the Districts records. In order to be in compliance with State requirements regarding these forms, the District is requesting updated applications from an estimated 546 property owners.

If you have not completed and returned your application please do so by **April 30<sup>th</sup>, 2019**.

We apologize for any inconvenience that this may cause our property owners and would like to insure everyone the Appraisal District staff will be available to assist with questions or concerns regarding the reapplication process. Please don't hesitate to contact the office at 830-774-4602 or visit 417 W. Cantu Road, Del Rio, TX 78840. It is our goal to make this process as simple as possible for those property owners affected by this request.
